

MORPAT

The **MORPAT** fusion of reliability and performance

Biochem - 108i Make in India Initiative...

Semi Automated Clinical Chemistry Analyser

- Robust and reliable Diagnostics solution
- Consistent performance and easy operation

FLEXIBLE

- Programmed to analyse endpoint, fixed time and kinetic assays
- Storage for 200 user programmable test methods and 10000 test results
- Create up to 10 customised test profiles
- Open System (Any reagents can be used)

ECONOMICAL

- Low reagent consumption
- High quality surface coating ensures long Filter life
- Extended lamp life

ROBUST

- Low maintenance
- Consistent and reliable results
- Indian design and manufacturing

Biochem - 108i
